### CASES TREATED AT RECEIVING HOSPITAL.

Mike Scanlan, a soldier belonging to Company L of the Thirty-fifth New York Infantry, engaged in a fight last night while under the influence of liquor and broke the thumb of his right hand. His injury was dressed at the Receiving Hospital this morning by Dr. Higgins.

J. W. Hooser, a carpenter employed in J. F. Towle's planing mill, had his right wrist badly burned this morning by overturning a pot of hot glue on it. His injury was dressed at the Receiving Hospital by Warden Page.

Mike Murphy, a hostler at the Emeryville track, was treated for a scalp wound received during an altercation with a Chinese cook.

W. Rettig, a carpenter residing at 1229 Twentieth avenue, was treated for a cut on his hand.

T. M. Laumer of 1356 Campbell street had a sprained thumb treated.

### MEN'S EVENING AT ST. JOHN'S CHURCH.

The custom inaugurated by the Woman's Guild of St. John's Parish of having a Men's Evening every three months has proved a grand success. The second Men's Evening was held last Tuesday night when 75 to 100 men of the parish enjoyed a pleasant program. Mr. Teller and the Kents organized the program with selection for piano and violin and were followed by a recitation by Henry Kohler, entitled "The Bishop and the Cow." Mr. Hanna rendered several humorous sketches which were heartily received. "Toby's Monument." It is said he mentioned that Messrs. Kohler and Teller are pupils of Mrs. Carrie Fross Snyder, Prof. Palmer, teacher of the mandolin and guitar, kindly brought his class called the Juvenile Mendocino Club, composed of eleven boys and one young lady who rendered several selections, which were most enthusiastically received. After the program in all were entertained at supper by the Woman's Guild. The opinion was that the pleasant times do not come often enough.

## KELLY MUST COME TO FRONT

Cannot Longer Ignore Members of City Council.

The Street Railroad Committee took up the complaint of F. E. Hess and others regarding the danger existing on Thirteenth avenue between East Twelfth and Fourteenth streets on account of the Oakland Transit tracks being laid on the west side of Thirteenth avenue.

Manager W. E. Kelly's reply, oft-repeated, regarding the scant travel, etc., was again read.

Councilman Wallace said it was high time that the company should be compelled to comply with the law which requires railway companies to place their tracks in the middle of streets.

Councilman Wilson stated that "if the company is good faith" in the matter of reconstructing the Oakland transit lines and tracks he would be willing to delay any action just now.

Kelly had told him it would be absolutely impossible to do anything in the matter of reconstructing the entire roadway until rails can be secured.

Mr. Wallace referred to the Thirteenth avenue line as a sort of "Jerk-water line," and he doubted whether the company intended to change the gauge of that line or make any improvements on the same.

Councilman Hess was asked for his views. He said he didn't know just what to suggest.

"I have had considerable experience with such railroads," he said. "They always promise, but seldom keep their promises."

The matter was finally referred to Councilman Wallace to confer with complainants and the railway manager and to report at the next meeting.

THAT SLOT NUISANCE  
Councilman Slot's resolution ordering removed all abandoned and unused slots from between the tracks of the Oakland Transit was next taken up.

Mr. Slot said: "It strikes me that some representative of the Oakland Transit ought to be here and try to explain. These people do not care to come up here and state their case; they care nothing about the city, and I believe we should go ahead. Common decency should compel the company's officials to come to before us and not write communications."

Councilman Dornin suggested that another invitation be sent to Manager Kelly to appear before the Street Railroad Committee, as he fails to appear at the next meeting the committee will recommend the adoption of the "slot removal resolution."

A motion to that effect prevailed.

## SUES EXECUTORS OF HIS WIFE'S ESTATE.

Conrad Thaler has commenced suit against the executors of the estate of his late wife, Lisette Thaler, to quiet title to a mortgage of \$1,000. The executors are Lizzie and Gottlieb Jung. In 1907 Mrs. Thaler loaned Benjamin Kilegert \$1,000, receiving a mortgage on real property as security. She died November 19, 1899. The executors of her estate subsequently collected the money on the mortgage. Thaler claims the money loaned was community property and, as such, should revert to him.

Thaler has filed an amended complaint in a similar suit to recover on a mortgage of \$2,000 executed by John M. Fay.

## PROPERTY SOLD TO PAY ALIMONY.

A piece of property in Mendocino county owned by Gustave J. Kirchofer has been sold at Sheriff's sale to raise money to pay delinquent alimony to his former wife, Christina Kirchofer. Mrs. Kirchofer was granted a divorce in July, 1899. Kirchofer was ordered to contribute \$25 toward the support of his ex-wife and their minor child. He failed, however, to make any payments. A few weeks ago an execution was issued for the sale of his property to satisfy the claim for alimony. The property was sold for \$736. Of this amount, Mrs. Kirchofer has received \$614.44.

### THINK SO?

The Minister's Wife Was Right.

When a baby's life can be saved by food it is worth while knowing something of that food.

A minister's wife, name given below, writes: "I do not exaggerate in the least when I say that I have never yet seen a picture of the starving babies of India that looked as bad as our baby did. The skin was drawn as tightly as possible over her little frame, and was almost black. Her little form was so shrunken that it was pitiable to look at. Her bright eyes only showed that she was alive."

"She was starving to death, for everything she ate was immediately thrown off from her stomach. We tried every kind of food we could think of and only kept her alive by rubbing olive and cod liver oil into the pores of the skin."

"The doctor was doing all he could, but finally we sent for an uncle, an old physician, to come and see her. The doctors agreed perfectly, but uncle advised us to use Grape-Nuts Food."

"We immediately got some and placed a spoonful in some boiling water. This was allowed to simmer until the food became perfectly soft. A little rich milk was added, and just enough sugar to sweeten. It made a delicious food, and it was astonishing how perfectly it agreed with our baby and how she did lick it down."

"She would not drink milk unless it had Grape-Nuts Food in it thereafter. After a few days she began to show marks of improvement, then she improved very rapidly. When we began feeding her Grape-Nuts she weighed about 10 pounds, now she weighs over 30, and is almost as broad as she is long."

"Our friends all think it a miracle that she recovered. While I was writing this letter one of my older girls has just come up, begging for some Grape-Nuts and cream."

"We naturally believe in Grape-Nuts, for it has saved the life of our baby." Mrs. S. W. Hardin, Spring Hill, Tenn.

**MRS. KEITH TO THE PRESIDENT.**  
Wants the Co-Eds Re-membered in the Address.

BERKELEY, May 3.—Mrs. William Keith, wife of the artist, has addressed the following letter to President McKinley:  
"BERKELEY, May 2, 1901.  
"President McKinley—Dear Sir: Knowing that in the excitement of the moment, or in the discussion of other matters, the thought might not occur to you, I beg to be allowed the liberty of asking you to bear in mind, in your address to the students at Berkeley, the young women, who compose nearly half of the student body. Many of our Eastern speakers, college presidents and other public men, completely ignore them. They have been told by one college president that the object of the University was to turn out strong, strenuous young men. Coordination is the rule here, and if you believe that it is important for the welfare of the State to have educated, public-spirited women as well as public-spirited men, I should be much pleased if you could make an opportunity of saying as much; and I hereby respectfully petition for this special favor. If you believe that women are one-half of the people of the United States, that it is important to train both sexes, not only in their private duties toward their families, but likewise in their public duties toward the commonwealth; if you can, as a politician, prophet, seer, or as the near future will, in all probability, invest these young women with the full rights of citizenship, whereby they will be entitled and enabled to fulfill these public duties, not only through the indirect influence which they may exert upon the male members of the family, but also through their direct action influencing the conduct of public officers, then I am sure you will take pleasure in according to the earnest request of a woman graduate of U. C., and to the unexpressed wishes of hundreds of California's patriotic women.  
"With best wishes for a pleasant visit and for a long and useful life, I remain,  
"MAY M. HENRY KEITH,  
"2297 Alameda St., Berkeley."

**BERKELEY FACTORY IS BEING ERECTED.**

BERKELEY, May 3.—Work is progressing rapidly on the Pacific Coast Lumber and Furniture Manufacturing Company's plant in West Berkeley. The new factory is situated on the line of the Southern Pacific Railroad and on the water front, so as to be reached with advantage by both rail and vessel for transportation from the source of lumber supply and to the market of the finished product.  
The company owns thirty acres in Berkeley, but the plant proper is located in a block containing three acres and bounded by Gilman, Harrison, Second and Third streets.  
There is a group of four principal buildings, two stories in height, with basement occupying an area 600 x 250 feet. The fundamental idea in their arrangement is that the lumber shall be received at the Second and Gilman streets corner of the property and pass through the various structures in the process of manufacture until, in finished form, the furniture shall be ready at the corner of Third and Gilman streets to be shipped away by railroads.  
This process of evolution will start with the kiln on the corner of Second and Gilman streets, where the wood will undergo the preparatory process. It will then be taken to the machinery building, where all kinds of furniture, from the cheapest to the finest, will be turned out. Next will come the finishing room, which is divided into the filling, coating, flooring and polishing departments, and thence into the storehouse, where the finished goods will be stored until shipped. In which will also be located the office and the designer's department. The second stories of the buildings will be utilized for the manufacture of bed springs, from the cheapest to the finest, which will supply 200 horse-power for the machinery. The land investment represents \$50,000 to the Pacific Coast Lumber and Furniture Manufacturing Company, and the Berkeley buildings and machinery will bring up the total to \$150,000.  
At the outset employment will be given to 200 persons, but ultimately the number will be increased to 500. A specialty is to be made of the manufacture of oak maple and the rare black ash from the company's Oregon timber tracts. Work will be completed in the summer of 1902, and it is expected to have it ready for operation in July.

**CROP REPORTS FROM HAYWARDS**  
Cherry Crop is Said to Be Almost Complete Failure.

HAYWARDS, May 3.—Crop reports from this vicinity seem to be more encouraging as the result of the late rains becoming more apparent. The outlook will be the main dependence of the growers, and peaches, while light, will be better than last year. Bartlett pears and cherries will not, it is said, be so complete a failure as was at first anticipated, although nothing like the crop which would have weighed down the trees had the January frosts put in an appearance in the proper month instead of waiting until April. Prunes and, generally speaking, all varieties of plums will not make any one heretofore rich this year unless some individual is wise enough to corner the market. Wheat, barley, corn, and cereals are jumping right out of the ground, under the quickening influence of the dampness which the skies vouchsafed a few days ago.

**HUNT CANNERY.**

Work on the foundations of the Hunt Brothers' new cannery was commenced yesterday, the debris of the late disastrous conflagration having been suitably cleared away. The cannery people expect to be ready for the cherry crop, if there should happen to be one, but the opinion is locally expressed that they will have to do some hustling.

**NEWS NOTES.**

The Hayward Review Building shines in all the glory of a new coat of white paint.  
Tony Flores of Tassajara was in town yesterday and reports crops in that section very much benefited by the rain. He does not think the growers have any great cause for complaint.

**LETTER LIST.**

The latest list of letters addressed at Hayward Post Office is as follows: Herbert, Frank, Dr. George H. Hatcher, Dr. J. O. Connor, Frank Denison, Jose de Cunha Illina, Dr. Henry Hewitt, Dr. Oscar Litchfield, Manuel F. Mendonca, Antonio de Souza, Jose de Souza, Francisco de Souza, Manuel Rodriguez, Jose Silva, and Dr. J. P. Torrey.

**SCHOOL CENSUS FOR LIVERMORE.**

LIVERMORE, May 3.—The ladies of the Livermore Benevolent Society will meet at the residence of Mrs. D. R. Ross on M street next Thursday afternoon.

The Town Trustees are having gravel hauled on the streets and filling up the holes made by the recent heavy rains. According to the school census just taken, we have 992 children under 17 years of age, 599 of them being over 5 years old and 233 under that age. About 177 children of school age were found in this district who do not attend school.

On Saturday evening, May 11th, the Merley Trio Concert Company of Chicago will give a performance under the auspices and for the benefit of the Good Templars Lodge.

The ladies of Angellia Parlor of Native Daughters are making extensive preparations for their social party to be given at Armory Hall next Friday evening.

Between 500 and 600 people from this section expect to take advantage of the cheap railroad fares during President McKinley's visit to San Francisco and to witness the launching of the battleship Ohio.

**SALOON MEN WILL COMBINE.**  
San Leandro Liquor Merchants are After Deadheads.

SAN LEANDRO, May 3.—The San Leandro saloon-keepers have about decided to establish a combination of themselves to be known as the Saloon-Keepers' Protective Union. The citizen who wants a drink and has not the price has been overdoing the "stand-off" game, and the local mixologists intend to put a stop to his indirect plannings. A. J. Derkum and Charles Peterson have been talking up the scheme for some time and a meeting of the knights of the bungalow is on the cards for the near future, at which arrangements for the combination will probably be made.

**NOTES AND PERSONALS.**

Mrs. Charles Carlson, who has been seriously ill, is reported on the road to recovery.

Mr. Haas of Rinaldo Bros., San Francisco, is in San Leandro yesterday.

A. J. Derkum made a trip to Oakland yesterday on a visit to his many friends in that city.

**DEATH OF DOGS.**

Mortality among San Leandro canines is on the increase. Trustee Elmer's bulldog recently suffered a violent death at the ruthless hands of some property, which of the dog's various automobile, and yesterday "Christianson's big Newfoundland ate some poison which interfered with his internal economy, shortly afterward giving up the ghost. The Nemesis which is dooming the power of dogs hereabouts is said to have its origin on Gorman's Scotch colts. The inoperative dog-license law which graves the statute books of San Leandro will not harass the City Trustees much longer if this sort of thing keeps up; there will be no dogs to tax.

At the same time A. J. Smith was appointed commissary Sergeant. Captain Simpson has been for some time Captain of Company G of this city.

**Arrested for Battery.**

ALAMEDA, May 3.—Last night T. Nacac was arrested for battery, the charge being preferred by O. Watanka, who claims Nacac struck him while the former was intoxicated. This morning friends of Watanka say that he wishes to withdraw the charges.

**WANTS ALIMONY FROM HER HUSBAND.**

Mrs. Jennie McChesney today filed suit to compel her husband, Harry M. McChesney, to support her and her 5-year-old son Harold. She asks for \$20 a month alimony, besides \$25 attorney's fees, and \$25 for costs of the action.

The couple were married in Redding July 3, 1895. They have been residing in this city for some time. On January 25th of this year, it is alleged, McChesney left his wife against her consent and will and has since continued to desert and abandon her, and that he has failed to contribute any money toward the support of his wife and child.

Mrs. McChesney states that she is in poor health and unable to provide for herself; that she has no money or property and that she is compelled to depend upon the charity of relatives and friends for her support.

McChesney, it is alleged, is a canvasser in the employ of the Western Publishing Company. It is alleged that he receives about \$20 a month for his services, and that the company now owes him about \$100.

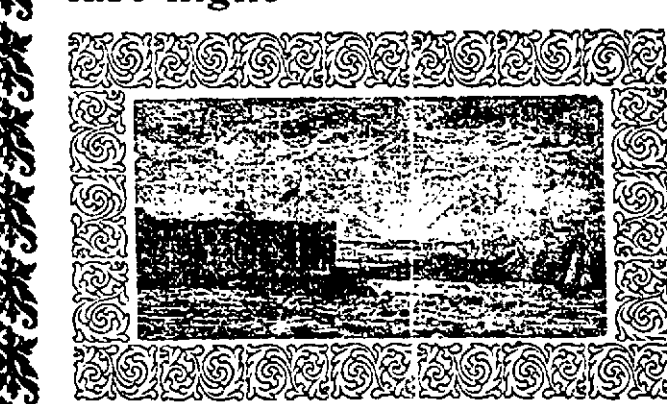

It is further alleged that defendant is a spendthrift and habitually profligate, and threatens to and will dispose of said sum of \$100 unless restrained by order of this court.

Mrs. McChesney asks for an order restraining her husband from disposing of any of his property during the pendency of the action.

**Will Extend Line.**

PHILADELPHIA, May 3.—At a meeting of the Board of Directors of the Cheateau, Oklahoma and Gulf Railroad Company today the sale to the stockholders of \$2,000,000 of common stock was authorized to be approved at a special meeting of the stockholders July 9th. The increase is to provide for the extension of the company's line to Amarillo, Texas.
